

## Be Responsible...

Students are encouraged and supported to **Be Responsible** in and around the school. This extends to the classroom, playground, toilets, during transitions and out in the community. We also encourage the use of these values at home and on weekends.

### Teaching strategies...

#### Classroom

Teach and model how to use equipment carefully, including how to pack away.

Explicitly teach and support students with their preferred communication to ask for help.

#### Toilets

P.C.S. will be displayed near bathrooms and outside to allow students to ask to use bathroom and ask for help.

Explicitly teach students as needed to pack dirty clothes away.

#### Playground

Demonstrate to students how to pack away.

Ensure students are clear that they need to pack away before next activity.

Reward and praise kind behaviour as well as modelling this skill.

#### Transitions

Use 'finished boxes' and P.C.S. to support students to finish when asked to do so.

Use pictures to support students with where they are expected to be going to.

#### Community Access

Use name badges that best support the student, such as wrist bands or name tags.

Use social stories and visuals to remind students to pay for items.

Practice packing away after eating and placing rubbish in the bin.
