All prospective volunteers are required to comply with our school's Volunteers Policy, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to

Identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, children in out of home care and the safety of children with a disability and vulnerable children.

New employees and volunteers and contractors are inducted into the school, by asking them to read and sign the Child Safety Code of Conduct upon their initial visit to the school and photocopying their Working with children's Check. They will also be referred to the [Child Safety Code of Conduct](#) (click on blue hyperlink) and the [Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures](#) (click on blue hyperlink) on the school website. They will also be supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported by school staff to the Principal or Assistant Principal and will be managed in accordance with Yarraville Special Developmental School's [Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures](#) (click on blue hyperlink) where required.

school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Yarraville Special Developmental School monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in the school's [Child Safe Register](#) (click on blue hyperlink).

Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. This is explicitly taught annually and referred to during the school year. Students can access information on identifying and how to report abuse through posters displayed in every classroom.
